Prof. Gayatri Hariharasubaramanian

BRIEF CV

Prof. Gayathri Hariharasubaramanian is a postgraduate in Commerce & Business Administration. Her areas of specialisation include Finance, International Business Management, Human Resource Auditing, and Education Administration. In addition, she has completed Chartered Accountant – Intermediate Level of the Institute of Chartered Accountants of India and underwent internship and possesses expertise in audit-planning protocols, documentation & review processes, planning for execute internal audit projects, processes for tracking, resolving and communicating audit findings along with human resource management and audits. She possesses more than 15 years of international work experience in schools of Cambridge University and Portsmouth University curricula from A-level to PG Level. She has served as Adviser to students of Houston University for one year. On qualifying the National Eligibility Test of University Grants Commission, she served as Professor in Management. The 15 years of international experience in school education has made her very passionate about mentoring school children both on emotional and professional levels. She believes that the latent talents of children are rarely unearthed through formal education. This has prompted her to be part of the Logistics Sector Skill Council Team that created Logistics Literacy Programme for school students. She is proud that the Programme has been launched under her headship. She is now engaged in launching the Logistics Literacy Programme in a large number of schools in multiple States in the country. Received the ILDC-AMP Women Excellence Awards 2019 for the exemplary contributions in the areas of Skill Development & Career Guidance.
